

CSCE 390 Summer 2016

HW2

Assigned Wednesday, 2016-05-11. Due Thursday 2016-15-12

1. We discussed in class several characteristics of what it means to be human (autonomy, individuality, rationality, responsiveness, and creativity). Do you agree that these are characteristics of what it means to be human? If not, why not? Are there other characteristics that you would like to add?
2. Register on Jobmate and prepare the transition to Handshake! (Review your email from Ms. Emma Waugh of the Career Center; you may have received a different email if you are not a student in the College of Engineering and Computing.) Write a sentence stating that you have done this.
3. If you have attended a career fair, write a one-page essay describing your experience
4. If not, write a one-page essay describing your participation in either an activity sponsored by the career center, such as a resume-building workshop, or an activity sponsored by a professional society

Please type your answers. Keep your work to at most two pages.
