

CSCE 531 Spring 2008
QUIZ 9
Assigned Wednesday, 08-04-23

What are the values of the following Lisp S-expressions?

1. `(cons 'a '(b c))` **Answer:** `(a b c)`
2. `(cons (car '(a b c)) (cdr '(a b c)))` **Answer:** `(a b c)`
3. `(cons 'foo '())` **Answer:** `(foo)`

Programs are syntactically indistinguishable from data in the (original) Lisp language. True or false?

Answer: true
