CSCE 330 Fall 2000
QUIZ 33
Assigned Wednesday 00/12/6

This is closed book, for a change. What do you think this function does? (Be brave: guess!)

```
fun sum (Empty) = 0
|   sum (Node(a, left, right) = a + sum(left) + sum(right);
```

Answer: This function sums (the labels of) the nodes of a tree of integers (or: a tree whose labels are integers).
