CSCE 330 Fall 2000

QUIZ 7

Assigned Friday, 00/9/15

Recall that, in denotational semantics, the *state* is a triple $< mem, i, o >$.

1. Which components of the state are changed by a *read* instruction? **Answer:** mem and i.
2. Which components of the state are changed by a *write* instruction? **Answer:** o.
3. Which components of the state are changed by an assignment? **Answer:** mem.
