

CSCE 390 – Fall 2008
“In-class” Exercises

Complete two of the following three activities:

- 1. Complete the in-class exercise on the security course assignment.**
- 2. Find a report of a problem incident associated with computer use and submit a copy of the report, clearly giving the source.**
- 3. Find something significant (or at least somewhat interesting) that happened during your birth year in the computing area. If you prefer not to reveal your birth year, pick some celebrity of your choice and use his/her birth year.**

DUE DATE: Wednesday, October 8
