

CSCE 390 – Fall 2008 Grading System

The course requirements are listed below. Information about Professional Activities is provided below. A written report (approximately one page) should be submitted for the professional activity. You must request permission for a professional activity not listed below. Additional details will be provided for other requirements separately.

1. Resume and career discussion.
2. Presentation.
3. Case study.
4. Professional activity.
5. In-class activities/exercises.

Possible Professional Activities:

1. Attend a Career Fair.
2. Participate in a professional outreach/service activity.
3. Arrange a mock interview at the Career Center.
4. Attend a computer-related professional meeting. These might include student and nonstudent professional society meetings, meetings sponsored by the Career Center, or meetings sponsored by Fellowships and Scholar Programs.
5. Examine a professional society web site in detail.

Grading:

- 20% -- Resume and career planning
- 30% -- Presentation
- 30% -- Case study
